DECLARATION OF SCOTT MEDLOCK

Pursuant to 28 U.S.C. §1746, I declare, certify, verify, and state, on this day, under penalty of perjury, that the foregoing is true and correct. The facts to which I attest herein are from my personal knowledge.

1. My name is Scott Medlock. I am over 18 years of age, of sound mind, capable of making this declaration, and personally acquainted with the facts stated in it. The facts stated herein are true to the best of my knowledge, and I am competent to testify as to the same.
2. I am a counsel for the Plaintiffs in this case, Ashley Adams and Wanda Adams, survivors of Rodney Adams; Carlette Hunter James, Kristy James, Krystal James, Kendrick James, Arlett James, Jonathan James, Kenneth Evans, and Mary Lou James, survivors of Kenneth Wayne James; and Cade Hudson, survivor of Douglas Hudson.
3. Mary Lou James resides in Lubbock, Texas. She is 79 years old, and has difficulty travelling. I have never met her at my office due to her difficulty driving long distances. When I met with her in Lubbock, she needed assistance from her children and grandchildren getting around. I spoke with her about her serious medical conditions. Mrs. James hospitalized twice this summer, once for a collapsed lung and hernia, and again to have surgeries to repair her knee. She cannot bend that leg, and uses a walker and cane for mobility. She cannot travel long distances by car. She uses an oxygen tank to help her breathe. Taking a direct flight from Lubbock to Houston, with a short drive to Galveston, would be a much smaller burden on Mrs. James than travel to Tyler, which would require changing planes or a long, arduous drive.
4. The majority of Mr. James' family also lives in Lubbock. A direct flight from Lubbock to Houston, with the short drive to Galveston, would be more convenient for them.

5. I have reviewed the documents available to Plaintiffs at this time. From the available documents, they anticipate deposing or calling the following witnesses:

- a. Dr. David Walker, M.D. – Dr. Walker performed James and Adams’ autopsies. Dr. Walker will be an important witness on causation issues. He is a UTMB employee, working in Galveston. A true and correct copy of his resume retrieved from the UTMB website is attached.
- b. Dr. Judith Aronson, M.D. – Dr. Aronson performed Hudson’s autopsy. Dr. Aronson will be an important witness on causation issues. She is a UTMB employee, working in Galveston. A true and correct copy of her resume retrieved from the UTMB website is attached.
- c. Bryan Collier – Collier is TDCJ’s deputy director. Collier recently spoke with the press about TDCJ’s policies for climate-controlled pig barns. Collier has relevant knowledge about which facilities TDCJ actively cools with technologies like misters and air conditioning. According to TDCJ’s directory, which is attached, Collier works in Huntsville.
- d. Oscar Mendoza – Mendoza is TDCJ’s risk manager. He is routinely informed about inmate deaths, including the heat stroke deaths at issue in this litigation. He supervises the risk managers at the individual prisons who monitor the indoor temperatures. According to the TDCJ directory, Mendoza works in Huntsville.
- e. Thomas Vian – Vian works in TDCJ’s facilities division. In other litigation involving extreme temperatures, Vian was designated by TDCJ as a Rule 30(b)(6) witness to testify about the feasibility of air conditioning inmate housing areas. Vian testified he works in Huntsville.

- f. Kim Farguson – Farguson also works in TDCJ’s facilities division, and was designated to testify in other litigation. Farguson testified he works in Huntsville.
- g. Dr. Lannette Linthicum, M.D. – Linthicum is the director of TDCJ’s health services division. She supervises all medical operations across the TDCJ system, and is involved in drafting medical policies as part of the Correctional Managed Health Care Committee. According to the TDCJ directory, Linthicum works in Huntsville.
- h. Dr. Ben Raimer, M.D. – Raimer is a UTMB executive who serves on the Correctional Managed Health Care Committee. He is UTMB’s liaison to the Legislature, and is involved in drafting medical policies for the entire TDCJ system. According to UTMB’s online directory, Raimer works in Galveston.⁴ A true and correct copy of his resume retrieved from the UTMB website is attached.
- i. Dr. Charles Adams, M.D. – Adams is a UTMB corrections official. In previous litigation, he testified about UTMB policies and procedures to protect prisoners from extreme temperatures. According to UTMB’s online directory, Adams works in Houston. A true and correct copy of his resume retrieved from the UTMB website is attached.
- j. Brad Livingston – Livingston is a defendant, and the executive director of TDCJ. Livingston approves all TDCJ policies, and is involved in decisions about major expenditures (such as installing air conditioning). According to TDCJ’s directory, Livingston works in Huntsville.
- k. Rick Thaler – Thaler was the director of TDCJ’s Institutional Division at the time of Adams, James and Hudson’s deaths. Thaler was responsible for supervising all

⁴ The UTMB directory is available here: <https://www.utmb.edu/directory/Default.asp>

operations at TDCJ prison facilities. Thaler routinely reviewed documents showing prisoners died of heat-related illnesses. According to the TDCJ directory, Thaler worked in Huntsville until his retirement earlier this year.

- l. William Stephens – Stephens was Thaler’s deputy in the Institutional Division, and was appointed to succeed him as the division’s director. Stephens assisted in supervising operations at the prison facilities, and reviewed documents showing prisoners died of heat-related illnesses. According to the TDCJ directory, Stephens works in Huntsville.
- m. Dr. Owen Murray, D.O. – Murray is UTMB’s chief executive in the correctional managed health care division. Murray is involved in developing UTMB’s policies and procedures. A true and correct copy of his resume retrieved from the UTMB website is attached.
- n. Dr. Joseph Penn – Penn is UTMB’s director of mental health services. Penn supervises the delivery of mental health care, and assists in developing policies to serve patients with mental illnesses. According to the UTMB directory, Penn works in Galveston. A true and correct copy of his resume retrieved from the UTMB website is attached.
- o. Dr. Stephanie Zepeda, Pharm.D. – Zepeda is UTMB’s director of pharmacy. She would have knowledge about UTMB’s pharmacy policies, and policies for prescribing drugs to patients. According to UTMB’s directory, Zepeda works in Galveston. A true and correct copy of his resume retrieved from the UTMB website is attached.
- p. Beverly Echols – Echols is UTMB’s administrative director of mental health services. She is familiar with the delivery of mental health services to prisoners

with disabilities. According to UTMB's directory, she works in Galveston. A true and correct copy of her bio/ resume retrieved from the UTMB website is attached.

- q. Donna Sollenberger – Sollenberger is the UTMB executive vice president responsible for supervising the correctional managed care program. According to UTMB's directory, she works in Galveston. A true and correct copy of her bio/ resume retrieved from the UTMB website is attached.
- r. Lance Lowry – Lowry is the president of the local chapter of the American Federation of State County and Municipal Employees Union, which represents TDCJ correctional officers. Lowry can testify about knowledge high-ranking TDCJ officials, like Thaler, have about the dangers the extreme temperatures create. Lowry lives in Huntsville.
- s. Rep. Sylvester Turner – Rep. Turner is a member of the Texas legislature, and has long been concerned about the conditions in Texas prisons. Turner has repeatedly raised the extreme temperatures issue with high-ranking TDCJ officials, including Livingston. Rep. Turner lives in Houston.
- t. Eugene Blackmon – Blackmon is a former TDCJ prisoner who sued TDCJ officials about the conditions caused by extreme temperatures years before Adams, James and Hudson died. Blackmon can testify about the notice TDCJ officials had about the dangerous conditions. Blackmon currently lives in Sealy, Texas.

Pursuant to 28 U.S.C. §1746, I declare, certify, verify, and state, on this day, September 12, 2013, under penalty of perjury, that the foregoing is true and correct.

Research Interests

His research interests are broadly in the area of obligatory intracellular bacteria that are transmitted by arthropod vectors. Two research projects currently funded by the NIH are focused on immune mechanisms against rickettsiae and ehrlichiae and identification of the protein antigens that stimulate immunity. Although the diseases caused by rickettsiae include many long known and feared life threatening infections such as Rocky Mountain spotted fever and epidemic typhus, elucidation of their molecular composition and effector immune mechanisms remains productive lines of investigation. In contrast, human ehrlichioses are truly emerging infectious diseases that were unknown until recently and are causing increasingly prevalent, severe infections. Ehrlichial pathogenesis and immunity are in the process of being discovered and investigated at present for these novel organisms. His research on immunity pursues hypotheses involving studies of innate immunity including NKT cells, natural killer cells, and $\gamma\delta$ T cells, and adaptive immunity including antibodies, endothelial biology, and T regulatory cells.

His investigative armamentarium includes outstanding mouse models of spotted fever and typhus rickettsioses and monocytotropic ehrlichioses, which lend themselves to the study of pathogenesis as well as immunity. The molecular studies of rickettsiae are focused on rickettsial virulence mechanisms, while the investigations of *Ehrlichia chaffeensis*, *E. canis*, *E. muris*, and *Ixodes ovatus Ehrlichia* are focused on immunodominant proteins as vaccine candidates. Other projects include development of vaccines against *R. prowazekii*, *E. canis*, and *E. chaffeensis*, development of new diagnostic tests utilizing patented intellectual property sponsored by the Clayton Foundation, and international collaborations in Mexico, Brazil, Cameroon, and Portugal with opportunities for field and laboratory work in tropical locations.

His research is greatly enhanced by collaborative efforts involving the molecular expertise of Drs. Xuejie Yu, Jere

McBride, and Donald Bouyer, the immunologic knowledge and skills of Drs. Gustavo Valbuena and Lynn Soong, the ultrastructural expertise of Dr. Vsevolod Popov, and the cell biology skills of Dr. Juan Olano including confocal microscopy. New initiatives include vector biology of tick-borne ehrlichial and rickettsial infections.

Research Interests

I have a long-standing interest in the study of pathogenesis of infectious diseases, particularly experimental animal

models of acute viral diseases including viral hemorrhagic fevers and arbovirus encephalitides. Because of my training as a pathologist, I am most interested in disease mechanisms and tissue-based studies of infectious agent localization and host responses.

Health Policy and Legislative Affairs

Working together to work wonders.™

BEN G. RAIMER, MD

Senior Vice President

Health Policy & Legislative Affairs

Over the past three decades, Dr. Ben Raimer has held numerous academic and administrative positions at UTMB. A tenured professor in the departments of Pediatrics, Family Medicine, and Preventive Medicine and Community Health, Dr. Raimer was appointed senior vice president for health policy and legislative affairs in 2008. He previously served as vice president for the Office of Community Outreach, chief physician executive for UTMB Correctional Managed Care, medical director of the UTMB Primary Care Outpatient Clinics, CEO for Community Health Services, and chief physician executive for UT-MED (The Group Practice of Medicine at UTMB).

Dr. Raimer is a Diplomate of the American Board of Pediatrics and a Fellow of the American Academy of Pediatrics. He holds an undergraduate degree in biology from East Texas Baptist University, a master's degree in human genetics from the UTMB Graduate School of Biomedical Sciences, and a doctorate from the UTMB School of Medicine. Since completing an internship and residency in pediatrics at UTMB in 1977, he has provided community-based medical care to scores of young patients living in Galveston and neighboring counties. Much of his practice has been devoted to the evaluation and treatment of children and adolescents with behavioral disorders and learning disabilities. A nationally recognized expert on prevention and treatment of child abuse and neglect, he has been honored by several state and national children's advocacy organizations for his contributions. He also has extensive experience in health care practice management, correctional health care and telemedicine and has published numerous articles on

these topics.

In addition to the many hats he wears at UTMB, Dr. Raimer serves on a number of advisory panels and committees for various government agencies and professional organizations, including the Texas Institute of Health Care Quality and Efficiency Board of Directors, formerly chair of the Texas Statewide Health Coordinating Council, the Texas Health and Human Services Commission Center for the Elimination of Disparities and Disproportionality, and the Galveston County Health District United Board of Health. He is also a member of the Board of Trustees of East Texas Baptist University, and serves on the Governing Councils of both the Texas Pediatric Society and the Texas Association of Public Health. He is actively engaged with UTMB students global and community health volunteer programs.

Charles D. Adams, MD, MPH
Senior Medical Director

Dr. Charles D. (Danny) Adams was born in Houston, Texas. After graduating from Spring Branch High School, he enlisted in the U.S. Navy, where he spent the next 3 1/2 years. Adams graduated magna cum laude from The University of Houston. He received his Doctor of Medicine from The University of Texas Medical Branch and his Master of Public Health from The University of Texas Health Science Center. He spent 9 years in private practice in Pasadena, Texas and Dillard, Georgia. He is a past member of The American College of Emergency Physicians.

Adams has been in correctional medicine for the past 21 years. He has held numerous positions during that time including regional supervisor, and currently is the southern division medical director. Adams has been a long time member of the UTMB-CMC Pharmacy and Therapeutics committee and is currently co- chairman of the UTMB-CMC Peer Review Committee. He has conducted numerous prison surveys on behalf of the NCHC (National Commission for Correctional Health Care) throughout the United States. His current position entails the supervision of medical care of over 40 Texas Department of Criminal Justice prison units which house approximately 60,000 incarcerated felons.
